

JOB OPPORTUNITY

INVESTMENT ANALYST

PRIVATE EQUITY - INFRASTRUCTURE

TINC Development Partners (TDP) is looking to expand its team in the Hague with a young professional. This is a starting position for academic graduates or for those with a few years of relevant experience who aspire a career in equity investing.

The opportunity

As an Investment Analyst, you will support the more experienced team members in business development, origination, execution and asset management:

- Reviewing new investment opportunities
- Preparing investment models
- Performing quantitative and qualitative due diligence
- Support the team in arranging debt facilities
- Supporting the more experienced team members in negotiations and on execution
- Day-to-day responsibility for one or more of the assets under management under supervision of the Portfolio Directors
- Perform various tasks related to reporting, monitoring investments, market research, internal requests, and marketing efforts
- Starting to build a contact network

Your profile

Can you identify with the following profile? Then we would like to get acquainted

- Relevant Master education with a financial or engineering degree
- Recent graduate or 1-3 years of relevant work experience, preferably including background in principal investing, investment banking or consulting
- Fluent in Dutch and English; good in French is considered a plus
- Good knowledge of Excel and financial modeling skills; ability to conduct research and cope with incomplete information
- Strong aptitude with PowerPoint as presentation and reporting tool
- Excellent analytical, financial, interpersonal skills, combined with the desire to learn and succeed
- Strong communicator and team player

About us

TDP is a developer of, investor in and manager of infrastructure and related assets (www.tdpartners.com). TDP has offices in Antwerp and The Hague.

TDP has launched several infrastructure investment initiatives, including the Euronext listed infrastructure investment company TINC (www.tincinvest.com) and the unlisted infrastructure fund DG Infra Yield.

TDP has a team of experienced infrastructure specialists with a financial, engineering and legal background. They have a broad understanding of the infrastructure asset class and the typical investment structures that apply, including project finance and public private partnership, across a wide range of sectors such as transportation, energy, accommodation, care and selective real estate. TDP invests in both infrastructure projects and infrastructure businesses (private equity style infrastructure).

TDP has invested in > 30 projects and companies in Belgium, the Netherlands, France and Ireland with a fair value of about € 500 million.
